October's guest instructor, CODY MAZURAN has been designing since, at the age of five, she requested that her father teach her how to use a sewing machine.

Her clothing designs have dressed dolls, been to proms and graced weddings. They've dressed children and grandchildren and have produced several fashionable ties for her husband. Through it all, quilts have warmed the family.

Experience helped Cody recognize the strong link between fashion and quilts,

C O D Y M A Z U R A N

and in 1993 she used that expertise to form a quilt pattern company, now known as **Buttercup Quilts**.

Cody's degree in Home Economics Education from Brigham Young University launched an early career in teaching. She now teaches and lectures exclusively on the techniques, benefits and joy of quilt making.

She belongs to several quilt groups including the Utah Quilt Guild and for relaxation plays golf with her husband. They have six children and eight grandchildren who are protected on warm summer days by "Sun Catchers," Buttercup's recent

collection of sun hats for those precious little ones.

Cody has authored the book, *A Fine Finish*, which suggests new, exciting ways to bind quilts. You may see her books, patterns and quilts on her website:

RUCHING IT!

We would like to thank Shantelle for her demonstration on Ruching

last month. What a fun and simple way to bring dimension to quilts, clothing, bags and more. (underwear?) See more on the guild blog:

October's guild meeting will be a privilege for guild members and friends to attend an all-day workshop: **A FINE FINISH II**. Cody Mazuran of Buttercup Quilts will be the guest instructor for this six-hour workshop on quilt binding embellishments.

## Q U I L T M U S I N G S

Being a quilter is a thing of beauty unto itself. It is a creative art that is second only to the "great masters" of oil painting and even that is a close

second. No one has ever been kept warm by a painting. Our history as humans is written in the very threads of our quilts. Whenever you watch a

movie, or read a book about history... think about this... Everybody sleeps. What kept them warm? Why, a quilter did. ÜÜÜ

Hope you have enjoyed your appliqué journey with this fun quilt. Be sure to finish it and enter your name in the final "Finish a Quilt" drawing at our Guild Christmas Party coming up December 4th

**C H A R I T Y Q U I L T S**

A huge THANK-YOU to everyone who has given of their time, fabric and hearts to making charity quilts this year. The response to the Quilts4Cancer project was overwhelming. Guild members throughout the state donated over 1000 quilts. Several of these will go to our local hospital.

We still have opportunities to make and donate quilts to a local dialysis center. These quilts should be lap size and cover from chin to toe. Dialysis patients often get chilled while being dialyzed. Fleece blankets work well for this, too. Thanks for all your kind service for these charities!

*Ways to keep strips and patches in line....*

Do you want to keep your pieces or strips organized as you put your block together? Use clothespins to secure each part of your block. If you need to identify them, clip a note to each pile. Then hang the groups on a wire clothes hanger. They are ready to use when you need them and can also be hung in a closet, out of the way. An online tip of the day.

Or try this: Get an unused pizza box from your local pizza place, then lay out and pin your pieces right into the cardboard. You may even want to glue clips or clothespins to the bottom of the pizza box if you don't like pins

hanging out of the bottom of the box... thanks for the tip Sherron.

Another idea: glue a square of batting or fleece to a piece of mat board (used in picture frames) and trim batting even with the edges. A tip from Barbara.

Final idea: Buy a cheap flannel-back plastic tablecloth (King's \$1.59) and use it for a portable design wall. Fabric will stick really well to the flannel, and you can roll it up and take it with you wherever you go! Deonn's tip.

Hey, don't you love little time-saver ideas like these? Good, because I can't remember what the actual tip/tool/trick of the month was last month.... Ü
