PRESIDENTS MESSAGE

I have been very busy being in charge of my family reunion this year; we had a great time just out of Ashton, ID. Had a wonderful 4th of July celebration up there. While there I found out that my son Dallin would be coming home from his mission early for medical issues. He has Scoliosis and it started hurting his back, he wasn't able to leave the apartment for a month, so they sent him home to be seen by a Dr. We went to our Dr. and he is doing physical therapy right now and going to see a specialist. He is doing fairly well with the pain and disappointment of leaving Japan, but they don't think he will be able to go back out on a mission with his back condition. So I have been a little busy, besides getting ready to teach the Hawaiian Appliqué Class.

This is what you need to bring if you want to participate in the class:

- 2- 22" squares of fabric, Solid or batiks that are contrasting in color.
- Very SHARP scissors
- Needle and thread that matches the applique piece of fabric
- Pins
- Thread for basting
