A Time to Bind

Michele Murdock will be presenting our guild lesson this month—with a demonstration on BINDING. She will be sharing her favorite ways to bind and share some examples of “lessons learned the hard way.” We are happy to have Michele share her expertise with us.

Tricia will have more info about next month’s Guild Retreat, Cat will begin the Round Robin Exchange, Shantelle will kick off our annual Design Challenge, and guild members will receive the next wonderful Seasonal quilt pattern by Tricia called “Summer Days.”

We look forward to Thursday’s guild meeting!

Queen Bee - Bonie Mitchell

Bonie was raised in Kamas, and has moved only two-and-a-half blocks in her entire life! When she got married, she moved from her parents’ home to a trailer half a block away, while they built a house two blocks from that location. They have lived in the same home ever since then.

Bonie and her husband have four children: two sons and two daughters and eight grandchildren: four boys and four girls, and the joy of their lives. They have been married almost 35 years. She

has worked at the Summit County Public Health Department for 19 years now, and her husband is a Wood Shop school teacher.

Bonie can’t remember a time that she didn’t sew. She has always enjoyed sewing. She made her Junior Prom dress and then her Wedding dress. Her new mother-in-law taught her how to hand-quilt. Bonie would go to her house and sit and quilt all day long.... After many months of quilting her mother-in-law finally let Bonie tie a knot in her

thread and keep her stitches in the quilt!

Some of Bonie’s favorite hobbies include Quilting and Sewing, Guild meetings with daughter Bethany, Scrapbooking, Riding Horses, Four-wheeling, Fishing, and she loves to have family parties enjoying her children and grandchildren.

See the guild blog for some pictures of Bonie’s lovely quilts!
